

3 Courses

Introduction to Climate Change and Health

Climate Adaptation for Human Health

Communicating Climate Change and Health

06/15/2020

**Amey Mahendra Thakur**

has successfully completed the online, non-credit Specialization

# Climate Change and Health: From Science to Action

In this Specialization, learners addressed adverse health impacts of climate change by identifying how climate change affects health in a specific location, devising an adaptation action to address this negative impact, and creating a communications campaign to educate a target audience about the issue.

Robert Dubrow, MD,  
PhD

Professor of  
Epidemiology  
(Environmental Health  
Sciences)

Faculty Director, Yale  
Climate Change and  
Health Initiative  
Yale School of Public  
Health

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
